Celebrating Anti-Ragging Day: Building a Safe and Respectful Campus

On dated 12th August to 18th August 2023, our university came together to celebrate Anti-Ragging Day, reaffirming our commitment to creating a campus environment free from harassment and intimidation. Organized by student leaders and university officials, the event was a platform to raise awareness about the harmful effects of ragging and to promote a culture of respect and empathy among students.

The day began with a series of engaging activities, including informative seminars and workshops led by experts in psychology, sociology, and law. These sessions equipped students with the knowledge and tools to recognize and prevent ragging incidents, emphasizing the importance of standing up for one another and fostering a sense of solidarity within the campus community.

In addition to educational initiatives, students showcased their creativity through posters, skits, and artwork, conveying powerful messages against ragging and advocating for a culture of inclusivity and kindness. The event served as a reminder that ragging in any form is unacceptable and that every individual has the right to feel safe and respected on campus.

As the celebration ended, participants left with a renewed sense of responsibility towards promoting a positive campus culture and supporting their fellow students. By coming together to celebrate Anti-Ragging Day, our university took a meaningful step towards building a community where every member can thrive without fear of harassment or discrimination.

This is to bring to your kind attention that Mrs. Kusum Pasad, a student of B.Ed. 3rd semester in our university is my classmate. Sadly, I have found her to be spreading false rumours regarding my moral character within the department. I have often found her gossiping about me amongst our fellow classmates.

I want you to kindly look into this matter and provide a solution for this issue. It is highly disturbing and depreciable as a student to frequently encounter this misconduct.
